

July 17, 2018

Congratulations!

For more than 20 years, the Microsoft worldwide partner conference, now called Microsoft Inspire, has provided a unique event for thousands of partners from more than 100 countries. Each year at this conference, a select few truly stand out in a distinguished, competitive field to receive worldwide recognition of excellence as a Microsoft Partner of the Year Award Finalist.

I would like to congratulate Northdoor plc on joining a group of influential and inspiring leaders as a 2018 Partner of the Year Award Finalist.

Partners like you are vital in helping Microsoft deliver on our promise to customers. It is truly impressive to see how our partners are transforming, innovating, and building on the foundation of the Microsoft platform.

As a finalist, your company demonstrated significant customer impact, solution innovation, speed-to-market, deployment, and utilization of advanced features in Microsoft technologies over the past year. This extraordinary accomplishment can provide your company with new business opportunities and increased visibility in the industry and markets you serve.

Again, congratulations on your success as a Microsoft Partner of the Year Award Finalist. I am honored to work with partners who display your passion for helping customers reach their full business potential.

Regards,

Gavriella Schuster
Corporate Vice President | One Commercial Partner
Microsoft Corporation
